WITNESS TO HISTORY

VOLUME 1 SALVATION

MIKE WALSH
BIOGRAPHY

Mike Walsh is a veteran journalist, broadcaster and historian of worldwide reputation. A fugitive only from renegade Europeans, leftists, palace scribblers and censors, he has shrugged off their wrath over 50 years of writing.

His Irish-American father, Patrick had fought in four conflicts by the time he reached 40-years of age: As a rebel in the Irish peoples guerrilla war against the British Army’s Black and Tans. These army irregulars, dredged from England’s prisons, were notorious for their viciousness. Patrick also fought in the Irish War of Independence and went on to fight in the most ferocious hand-to-hand battles during the Spanish Civil War. Whilst on the frontlines he was a close associate and friend of American war correspondent, Ernest Hemingway. His father formed a close and enduring friendship with Ireland’s most celebrated playwright, Sean O’Casey. Eventually his father served in the Royal Air Force during World War Two as an aircraft fitter / flier.

Mikes mother, Kathleen, from a literary family who also mentored Mike’s writing skills was a corresponding friend of Dolores Ibarruri, Spain's Civil War revolutionary La Pasionaria.

A tireless traveler, Mike, from the age of 26, was consumed by a passion for truth and justice. Inevitably, this led him to the potpourri of lies, infamies, cover-ups and crimes committed by the renegade armed forces that had militarily defeated the Reich. In doing so they ensured the spread of Bolshevism, the dismembering of the British Empire, and surrender to American imperialism.

Through their hollow ‘victory’ the course was set for the division of Europe, the enslavement of Eastern Europe, and the security of the Bolshevik regime that had malignantly occupied democratic Russia since 1917. Through the base stupidity and race treachery the armed forces of the victors’ empires destroyed the one genuine revolution that alone could have ensured the preservation of European culture and values. Today, their dance of death is on their own funeral pyres. Mike Walsh writes their obituary. ~ EDITORIAL

ACKNOWLEDGMENTS

A writer does not work in isolation. Whilst his name appears on the book’s cover, behind the author stands an exceptional force. In Mike’s case, this formidable legion is made up of World War Two veterans on all sides of the conflict. In their ranks are many defamed men and women, writers, idealists, activists. In pursuit of loyalty and honor, in a myriad of ways, these too self-sacrificed. These fine Europeans make up the ghost army who stimulate inspire the writings of Mike Walsh. Lighting the darkness of victors’ propaganda these, the last gladiators of Europe, today light the pathways to European truth, brotherhood and prosperity. They are not the last of yesterday; they are the first of tomorrow.

FOREWORD
Witness to History found its genesis about 1990. This was when I first began to gather, research and compile material that would expose the victory’s narrative as fraudulent. Since then, Witness has become probably the most popular and widespread book, second only to the book, Did Six Million Really Die. Twenty-five years on, this is the first occasion when it is legitimately published by the author.
Now in three volumes, due entirely to the total size of Witness, the compilation was intended for the tens of millions of people throughout the world duped by victor nations’ propaganda. Of the German prophet and social reformer tens of thousands of books have been published. To the potpourri of speculation, half-truths and fiction can be added a myriad of movies, radio and television dramas and documentaries. Despite the perhaps biggest and longest lasting brainwashing exercise in history, tens of millions are sceptical of the victor nation’s version of events.
The Witness to History series is unique in that it the author’s comment is superfluous to requirements. The guilty and the innocent in their own words either condemn or exonerate themselves. In this way, it leaves the reader to form their own judgement. The beleaguered German Joseph Goebbels and his family, beleaguered in the ruins of Berlin, picked up his pen and wrote the words that will live forever: “The lies will
one day break down under their own weight and the truth will again triumph. The hour will come when we shall stand pure and undefiled as our aims and beliefs have always been.”
Witness to History is not an opinion unless it is that of the main players whose part in these events created, shaped and finally, perhaps pulled the shroud over the Third Reich phenomena. Their contribution is a relevant one. It is their war without the embroidery. It is also the story of a nation that broke the chains of Capitalist Communist collaboration and briefly soared to heights undreamed of since the Greek and Roman epics. Witness to History is the record of that epic through the eyes of the men and women who shaped events. One may notice that I have often substituted the term British government for English government. As an Irish national I resent any presumption of Irish guilt for English infamies. I also add that Westminster’s tiers of government, the governing elite, is not in any way influenced by its Irish, Scottish or Welsh presence. The influence of such ‘representatives’ is no more than that of legislators on the Moscow government in the former Soviet puppet regimes. It is, to all intents and purposes, an English government of dubious linkage. Otherwise, as the book’s compiler, I am merely the spectator, the man who sat on the hill and watched it happen. My only contribution is to string the quotations together. I put together a jigsaw that when completed should provide you with a picture that will allow a more balanced view of the period.

GENESIS OF THE THIRD REICH

THE LAST DEFENDERS OF EUROPE WORE GREY UNIFORMS
Live by the sword, die by the sword. ~ Jesus Christ, Matthew 26.52. Of 32 Bolshevik members of the 1917 Central Committee of the Communist Party only two died of natural causes.

~ WINSTON CHURCHILL ~ "It may well be that this same astounding race may at the present time be in the actual process of providing another system of morals and philosophy, as malevolent as Christianity was benevolent, which if not arrested, would shatter irrevocably all that Christianity has rendered possible. This movement among the Jews is not new. It has been the mainspring of every subversive movement during the nineteenth century, and now at last, this band of extraordinary personalities from the underworld of the great cities of Europe and America, have gripped the Russian people by the hair of their heads and have become practically the undisputed masters of that enormous empire." ~ Winston Churchill. Illustrated Sunday Herald. February 8 1920.
